The Telephone Guest Book

From £225

Our **Telephone Guest Book** stands out from the crowd. Some of the most beautiful words are spoken at Weddings & big Birthday celebrations. Don't you wish you could just bottle that, and keep it forever? Well, now you can...

Save the recorded words of your drunken best friends, your elderly relatives, and your close family members to playback whenever you'd like. Favourite memories, silly stories & everything in-between! We know that our **Telephone Guest Book** is something quite special; and we think you'll agree.

1. Send us your recorded 'Host Message' to load onto the **TGB**
2. We drop off, set-up & collect the **TGB** at the end of the day
3. Your guests pick up the phone, listen to your recorded message, then leave their own message for you
4. We process the files to improve audio quality, load them onto a bespoke-made USB, and send them onto you

Our suite of **Retro Arcade Machines** are available for hire alongside one of our Photobooth Packages, or as whole day hire, meaning you can re-live your childhood duels in 1-to-4 Player modes! We just don't think any wedding is complete without them, but hey! Maybe we're just biased. Let's see what our customers have to say about them...

"The LOVE light up letters look amazing in our dance floor photos & still blended in beautifully with our barn venue."

- **Sian Wood**

"The LOVE letters were great, not your typical white ones, they were lovely!"

- **Alex Evans**

Testimonials

Thank you so much to these lovely people for helping us out last minute. You were so lovely, helpful & professional.

I can't thank you enough, and the memory book was an added bonus. We have had such a laugh going through it! I would highly recommend you to everyone, definitely a 5 star service!

Lindsey Roach - 21st Birthday Party

Would highly recommend The Booth That Rocks! They were very pleasant to deal with and the photo background they created was perfect for our wedding theme.

We also hired the Retro Arcade Table which was a huge hit with the kids & kept them out of trouble during our photos! Thanks again guys.

Mr & Mrs Martin - Newly Weds

Awesome, novel and on-trend, the best way these days to leave a personal message and greeting... using your voice! Such a great set up and current piece of kit supplied by The Booth That Rocks. We had so much fun doing it, it was a blast.

And then being able, just a short while later post-event, to listen to all the messages left, it was hilarious! For a wedding, a party or any celebration, it catches everyone's attention and is a must-have.

Simon O'Connell - Father Of The Bride

What a night! Everyone was amazed with this booth, it was the best thing I have ever hired, laughed all night, brought all the party together as one.

Rory you're the best, all the stress I put you through & the reassurance you gave me made the surprise party. All worth it in the end! Harry had the best 70th, thank you so much!

I would recommend The Booth That Rocks, it was brilliant, will definitely be re-booking you.
